

Hygiene+

Hygiene+ is a breakthrough coating formulation designed specifically for toilet bowls, urinals, and metal fixtures. It is based on proprietary green polymer technology and advance nano materials that forms a self-cleaning layer on sanitary ware surfaces which repels urine, organic waste, bacteria and hard water stains thus reducing the need of frequent cleaning and saves water.

ECO.H+

Fragrance:- Aqua Fresh

5 Liters

HOW TO USE

Pre- Clean and dry the toilet surfaces

Spray about 10ML, (5 to 6 sprays) of Hygiene+ on the inner and outer surface of the toilet bowl

Let it stay for 5 mins then use a wipe to evenly distribute

Flush and you're all set to go

KEY BENEFITS

Anti Staining and Anti-Microbial Technology for pristine and odor free user experience.

Save time and effort spent on maintaining toilets by 60%

Helps save 1.7 Lakh liters of water per year with every urinal

Patented Retrofit solution; compatible with all type of existing toilet bowls and urinals

Prevents corrosion, improves surface luster and increases life of sanitaryware fixtures

SPECIFICATIONS

Dilution & Usage

Daily CleanUp
5ml/Liter

10ml/Liter of Water
Normal soiling

20ml/Liter of Water
Heavy soiling

PH – 8

Application Area

Mirrors, Glass Surfaces, Table Tops
